

TIP 8/12 – Do it like Page

Highlight from the expert : To remove a makeup application mistake without any trace of shine or stickiness, use a drop of foundation on a cotton-bud and wipe gently.

1 – The **Shimmering Eye Cream Colors** may be used as colorful eyeliners. First apply a stroke of black **Smoothing Eyeliner Pencil** as a primer which will enhance the color and make it stay longer. Then, with a small sharpened brush take the **Shimmering Eye Cream Color** of your choice and follow your lash line.

2 – To create a delicate contrast between your natural iris shade and your waterline use the **Shimmering Eye Cream Color** as a kohl. Gently apply on the lower lash line with a soft sharpened brush.

3 – The **Shimmering Rouge** may be used as a blush. Heat a small amount of texture in your fingers before and tap it on the top of your cheeks for a glowy finish.

4 – To transform the **Luminizing Satin Face Color** into a liquid blush, take a drop of **Ibuki Softening Concentrate** on the back of your hand, mix with the powder and apply over your cheekbones with your fingers. This aqueous texture will results into a luminous and bright finish.

5 – Top your lids with a small amount of **Benefiance Full Correction Lip Treatment** on top of your eyeshadow, it will melt the color and bring glossy sheen.
